Climb . . .

Ev'ry Mountain

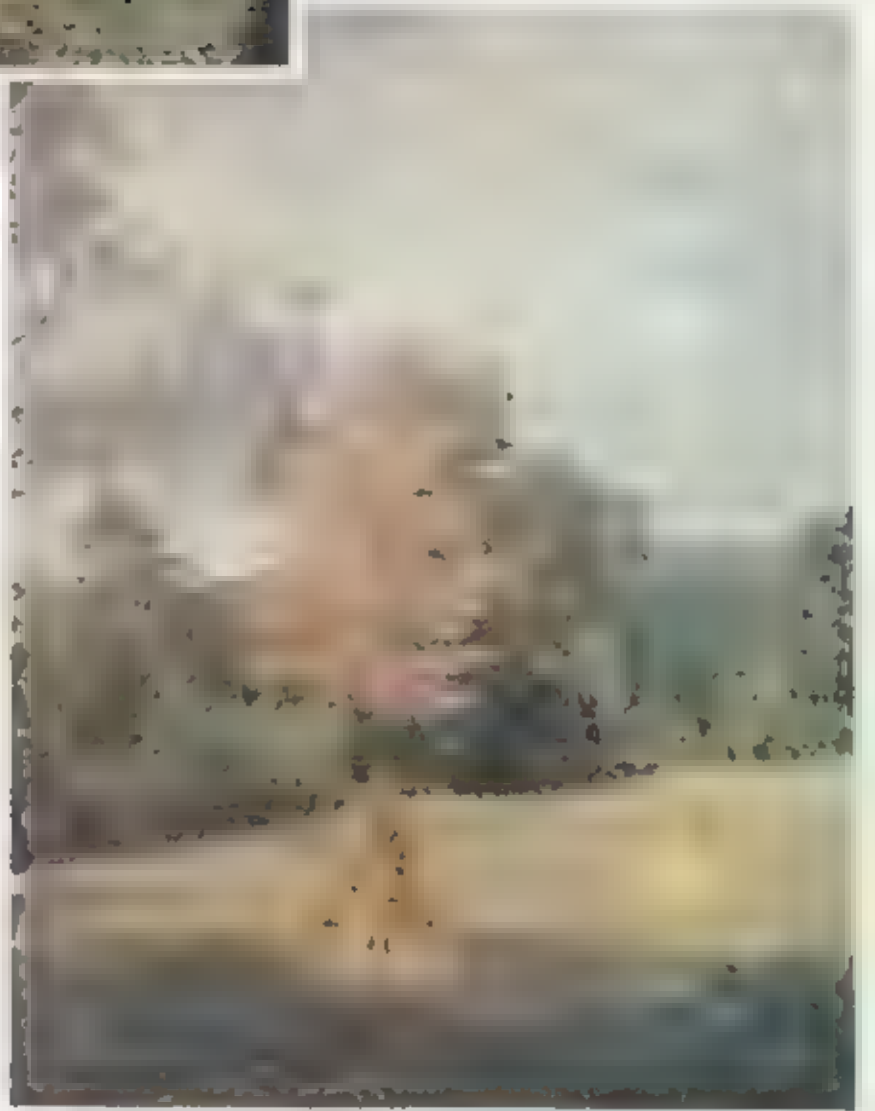

CLIMB EV'RY MOUNTAIN,
SEARCH HIGH AND LOW.
FOLLOW EV'RY BYWAY,
EV'RY PATH YOU KNOW.
CLIMB EV'RY MOUNTAIN,
FORD EV'RY STREAM.
FOLLOW EV'RY RAINBOW
TILL YOU FIND YOUR DREAM.
A DREAM THAT WILL NEED
ALL THE LOVE YOU CAN GIVE.
EV'RY DAY OF YOUR LIFE
FOR AS LONG AS YOU LIVE.

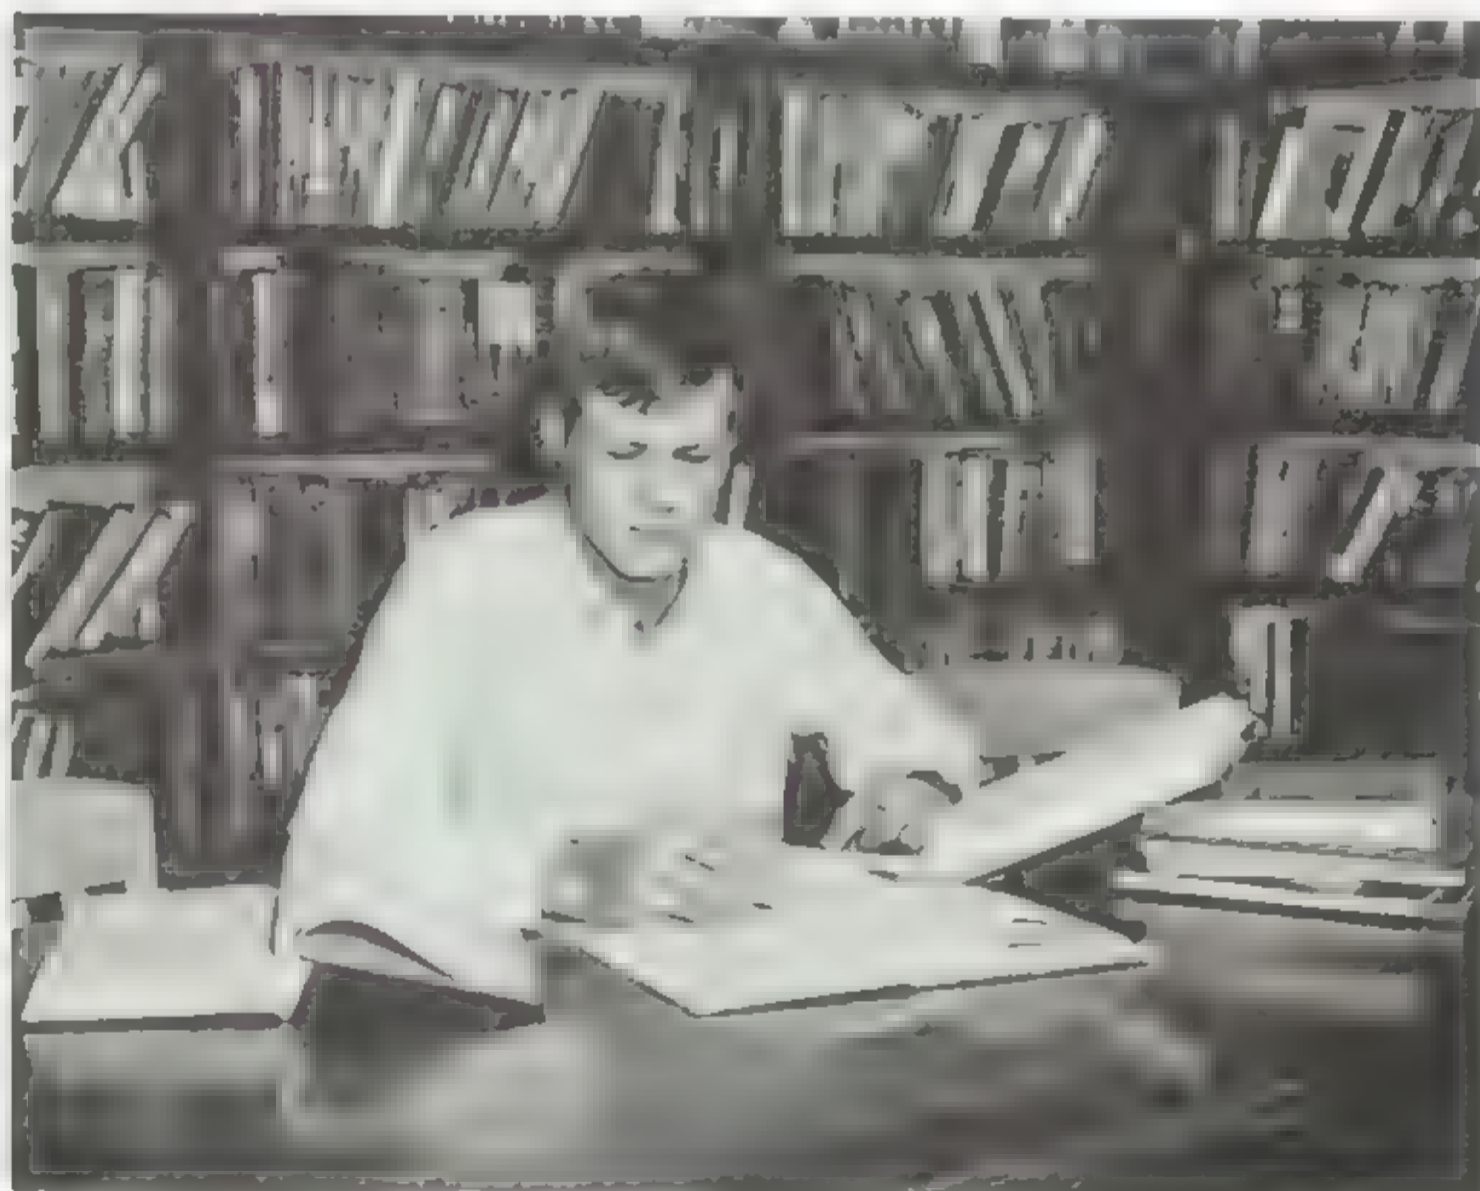

Foreword

SITUATED IN THE FOOTHILLS OF THE ALLEGHENY MOUNTAINS OF PENNSYLVANIA ARE OUR COMMUNITY, BERLIN, AND OUR SCHOOL, BERLIN BROTHERSVALLEY JOINT HIGH SCHOOL. OUR MOUNTAINS CAN BE PEARL WHITE IN WINTER OR BEAUTIFULLY GREEN IN SUMMER. IN AUTUMN THEY ARE ABLAZE WITH ALL COLORS. OUR STREAMS ARE NOT THE POLLUTED RIVERS OF CITIES BUT ARE CLEAR AND PURE. OUR AIR IS NOT FILLED WITH FACTORY FUMES BUT IS CLEAN AND FRESH. THESE MOUNTAINS ARE OURS TO CLIMB, AND THESE STREAMS ARE OURS TO FORD. THEY BELONG TO ALL OF US. THEY ARE OURS TO KNOW, TO ADMIRE, AND MOST OF ALL TO LOVE.

Climb ev'ry mountain

The mountains we climb are varied, each higher than the one before. They may include our first learnings, a personal handicap, a problem in math, mastering a difficult musical passage, or writing a theme. We may find each of them a long and difficult task. But a student realizes that all of the work and all of himself that he puts into the task will benefit him in an immeasurable awareness of achievement as he reaches the top of each of his own "mountains."

Ford every stream

High school is more than the classroom and homework. It is a place abounding with opportunities for pursuing individual interests, developing talents, and meeting challenges. These challenges increase with the addition of years. But as each one is met the individual finds himself enriched. Satisfaction comes, then, only in knowing these streams have been forded and the result worth the effort.

Follow every rainbow

All students have dreams of great accomplishment. Dreams are an important part of our lives. But they cannot be realized through idleness. High school teaches us a lesson about them . . .

*Till you find
your dream.*

... They require honest endeavor. We
must work toward our dreams—a lesson
we will never outgrow.

Supervising Principal

WALTER ATALSKI, B.S., M Ed

Mr. Walter Atalski appears in our yearbook this year for the first time. In his position as supervising principal, Mr. Atalski has the responsibility of the administration of both the elementary and high school systems.

Mr. Atalski believes that each child should have every opportunity to learn as much as he can, social and spiritual values as well as factual knowledge. And he hopes that through education each individual can become a healthy, happy, and concerned citizen contributing to society to the maximum of his ability.

High School Principal

The position of high school principal involves not only the successful operation of a school, but also taking a personal interest in the students themselves. Mr. Anthony Cugini's position is one which requires discipline along with understanding. In managing school affairs he must be aware of the differing needs of all the students and act in their best interests. Mr. Cugini is a man who gets things done in a quiet, unassuming manner. He came to Berlin first as a history teacher and football coach, then became guidance counselor, and for the past three years has held the position of high school principal while continuing to head the football coaching staff.

ANTHONY CUGINI, B.A., M Ed.

Members of the Board of Education give many hours of their time in carrying out the complicated affairs of school management.

Joint Board Committee

Donald Graft—president, Irving Smith—treasurer, J. William Shultz—vice president, William Cober—president, Elton Carver, Eleanor Darr—recording secretary. Absent: John Hartman—secretary.

In Recognition

JAMES M. CASSEL

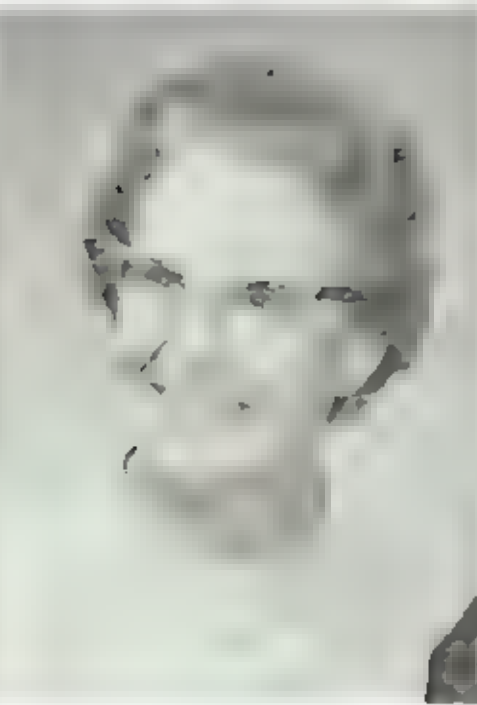

Mr. James M. Cassel, who retired from professional activity in 1968, after having served as supervising principal here for twenty-two years, will be well remembered by all those who worked with him or under his direction. He has spent much of his life working in the field of education, not only as an administrator but also as a teacher, this work extending over a thirty-nine year span.

All of us who know Mr. Cassel recognize in him a man of intellectual stature. With warm affection and great respect we recognize him here for his service to our school and for his contribution to the world of education.

"Bonjour!" "Hello!" "Hola!" Which language do you prefer to learn? French and Spanish are the two foreign languages offered here. All students study English. Grammar, writing, and literature are the three basic aspects in the study of any language. Studying a foreign language gives a student the benefit of learning some of the culture of the country whose language he is learning. The study of language is made more interesting by the use of tape recordings and records.

Mathematics

Mathematics is a vast adventure in ideas. Students study these many ideas in the different courses here. Seventh and eighth grades begin with a basic study of trigonometric functions. Later a student may choose a field in mathematics that pertains to the course in which he is enrolled. These courses are Algebra I, II, and III; geometry; trigonometry; business mathematics; and general mathematics. A new orientation class in Fortran computer programming has been offered to seniors this year.

Social Studies

In a constantly changing world knowledge of history is essential to everyone. Our students begin by studying local history, advance to American and world history and finally to problems of democracy. By the time a student has completed the curriculum of social studies he should be well-versed in the history of our area and the world, and in the many aspects of government.

Business Education

Business is an important part of our world. The business department provides typewriters and duplicating machines on which the students learn skills in secretarial, clerical, bookkeeping, accounting, and various other fields. Other subjects offered are shorthand, law, sales, filing, and business English. With four years of the business curriculum a graduate is immediately ready to apply for an office job

Home Economics

Students in the Home Economics department learn how to become successful homemakers. Home Economics, whether taken as a course or an elective, increases one's knowledge of sewing and cooking and develops all the practical skills necessary for good home management and a happy family life.

Girls learn new sewing techniques in home economics.

Vocational Agriculture

Vocational agriculture students learn to keep their tools sharp

Agriculture is an important industry in our area. Because of the great need for development of better plants and animals, there is a great demand for students who have had four years of vocational agriculture in high school. Experiences in this course range from working in the shop to completing a yearly project.

Art

Students learn to appreciate the fine values of art not only by experience in doing things themselves, but also by studying the works of other artists. Junior high students learn the basic fundamentals in art. Students in senior high school may elect a course in art. They learn to express themselves in painting, clay work, sculpture, and other media.

M. GENEVA ALTFATHER, B.S.

Art students learn the steps involved in making objects from clay.

Music

BETTY M. HAY, B.S.

WILLIAM M. SCHAEFER, B.S., M.Ed.

All junior high school students are taught the fundamentals of good music. They learn to appreciate the beauty of music by singing and by listening to the works of various composers. Senior high students may elect to participate in vocal groups. All high school students who wish may take instrumental lessons and join the band or orchestra. Both vocalists and instrumentalists may compete for participation in All-County, District, and State bands or choruses.

The Library

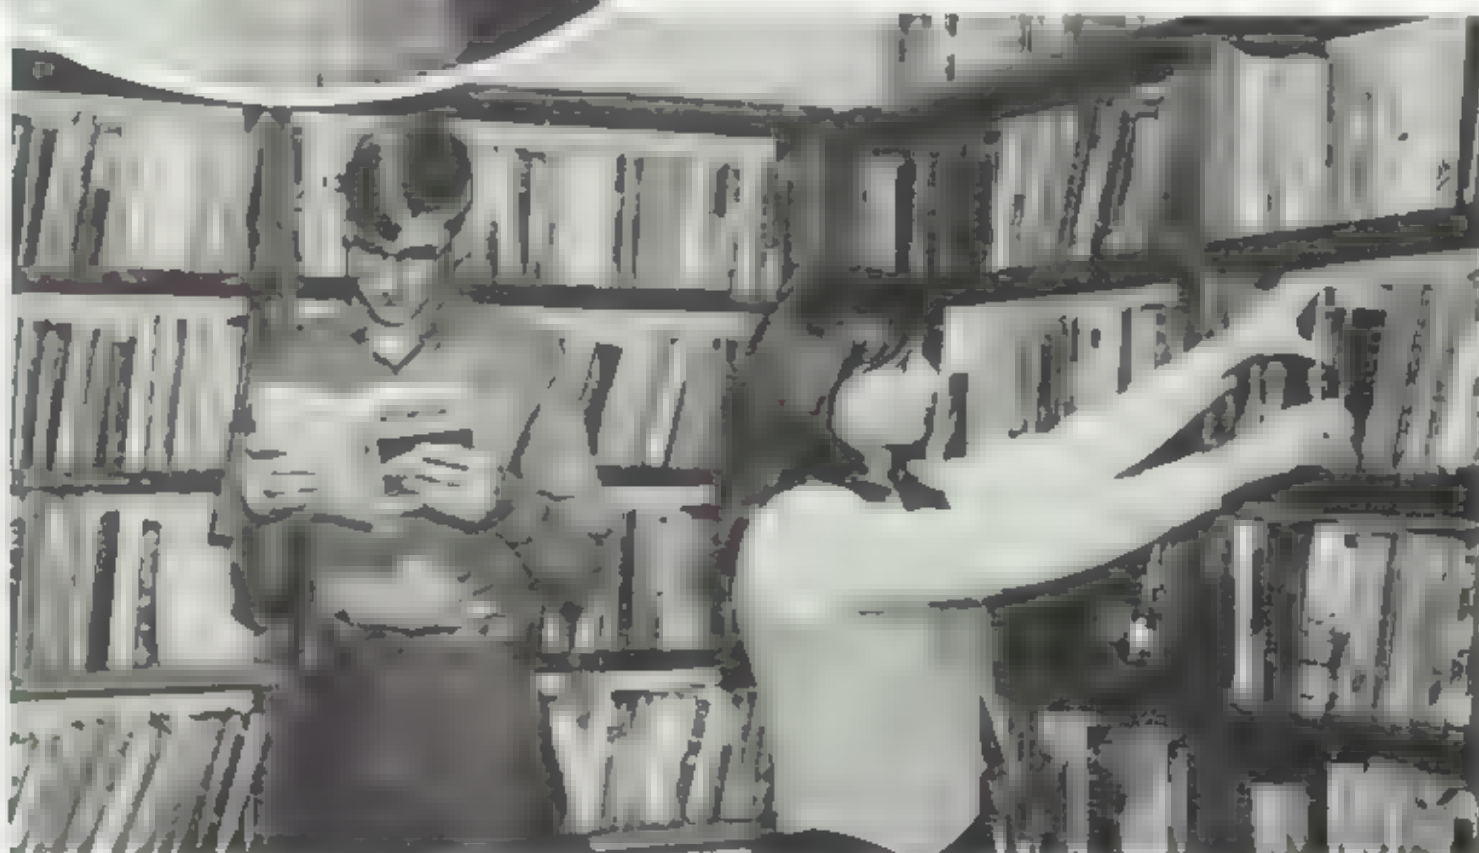

The library is one of the busiest, most popular rooms in our school. It is our academic refuge when we are handicapped due to lack of sufficient information. It is here that we can find all the historical facts, biographical data, or the current news that we need. Many students also come to browse through the magazines and newspapers or to find a good book to read for pleasure.

The girls show their coordination (?) with a work out on the mat

"If this contraption were just a bit higher, I'd show Mr. Lichvar a real pull-up."

Driver Education

One way to combat the problem of excessive driving accidents is through training and education. This is accomplished here in the Driver Education course. Students who take this course are able to learn and to practice safety rules which will help them to become good drivers.

ESTHER WILLIAMS, A.B.
Home and School Visitor

The school nurse guards the health of all students through hearing and vision tests, physical examinations, and individual health records.

A record of every student's school attendance is kept by the Home and School Visitor. She also acts as an intermediary for the student between the home and the school

Linda takes her excuse to Miss Williams, who keeps a record of all absences.

Guidance

When students need help with personal problems or decisions, the guidance department supplies their needs through books, pamphlets, testing, and individual counseling. This service enhances a student's knowledge of himself, so that he is prepared to deal with situations which confront him during high school and in the future.

Secretaries

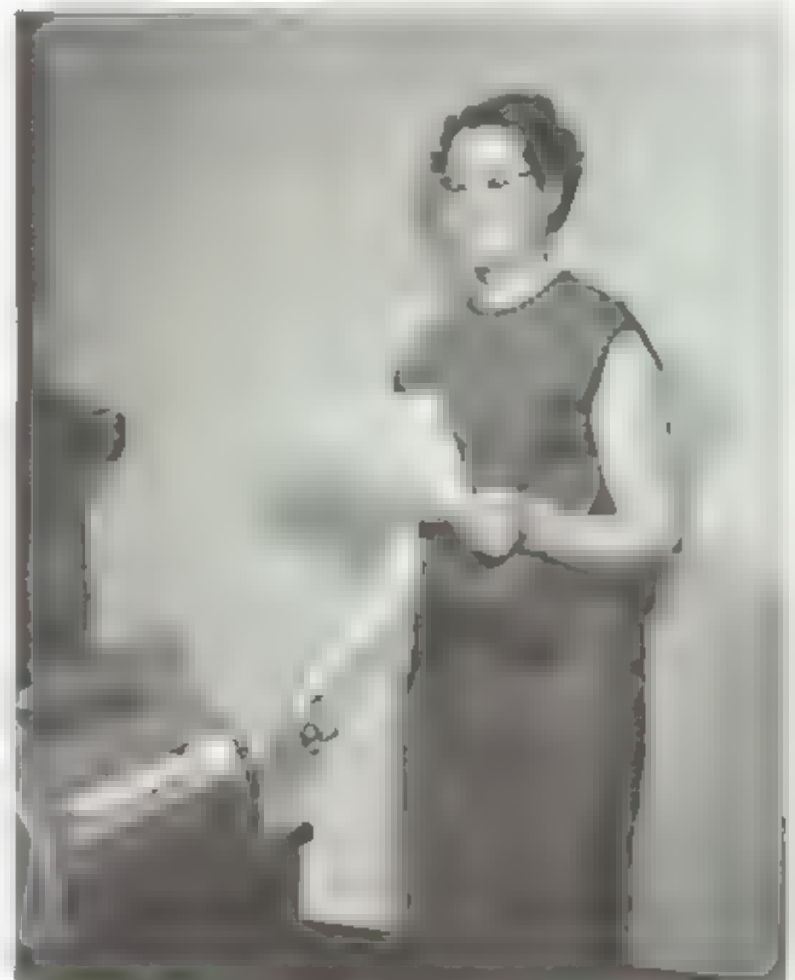

CAROLE BAUERMASTER

SHIRLEY SAYLOR

Managing all the office duties that are necessary to the smooth functioning of our school system requires much efficiency on the part of the secretaries. Their responsibilities are many, including such things as answering the phone, preparing the budgets, handling money, keeping books, typing various forms, and answering many, many questions.

In the capacity of secretary to the supervising principal, Mrs. Eleanor Darr handles most of the administrative business that passes through the high school office. Her work includes taking dictation; reading and answering letters; ordering materials, equipment, and books; keeping books for the school and the Board of Education, and acting as administrative secretary for the Board of Education.

ELEANOR DARR

Elementary Supervisor

KENNETH F. LARGENT, B S., M Ed

Mr. Kenneth F. Largent is in his second year as supervisor of the elementary school. His philosophy of education includes the belief that the objectives of the elementary school are to select and evaluate the essentials of education to assure the elementary children that they are offered the best possible education so they are prepared to meet the challenge of junior and senior high school levels.

Mrs. Ackerman became the grade school secretary in 1961, having previously worked as a high school secretary for three years. Her work involves all the secretarial duties in the elementary building, as well as handling the cafeteria accounts for both buildings.

Two teachers' aides in the high school and one in the elementary building assist faculty members with non-professional duties, such as typing and operating the duplicating machines

The administrator of the growing E.S.E.A. program is assisted by Mrs. Bettylu Miller, who works here exclusively as secretary for this project.

E.S.E.A. is a program for the educationally deprived, financed by the federal government. New programs are established here each school term. Special education and teachers' aides were incorporated into our curriculum during the 1968-69 term under E.S.E.A. Summer school was established under the Elementary and Secondary Education Act of 1965. The E.S.E.A. program is directed by Mr. Richard Campbell.

A visitor to our cafeteria during one of the lunch periods is impressed by the busy activity there. Each day finds many students waiting in pleasant anticipation for the well-balanced, nourishing and delicious meals which the cafeteria staff provides for them. Also very evident are the chattering and laughing voices of the students who take advantage of this time for a relaxing change from their regular classroom activities.

The duties of the janitors are many and varied. Whether they are cleaning windows, repairing a broken desk or firing the furnaces, these men are always busy. Through their helpful services our school buildings are maintained in proper condition.

*We
Dedicate*

the 1969

Bervalon

to Mrs. Evelyn C. Uhl

WHEN WE SENIORS LOOK BACK OVER OUR HIGH SCHOOL DAYS, WE FEEL A DEBT OF GRATITUDE TO MRS EVELYN C UHL SHE HAS INSTILLED IN US A WEALTH OF KNOWLEDGE, BUT SHE HAS DONE SOMETHING FAR MORE IMPORTANT SHE HAS GIVEN US THE DESIRE TO LEARN MRS UHL HAS SHOWN US THAT THE KEY TO REAL KNOWLEDGE IS AN INQUIRING MIND SHE HAS MADE EDUCATION FOR US NOT A COMPULSORY TASK BUT SOMETHING TO BE SOUGHT AFTER.

WE, THE EDITORS AND STAFF OF THE 1969 BERVALON, FEEL A SPECIAL APPRECIATION FOR MRS UHL FOR HER GUIDANCE IN PREPARING OUR YEARBOOK ADVISING OUR STAFF HAS BEEN AN IMMENSE UNDERTAKING FOR WHICH WE ARE DEEPLY GRATEFUL.

Climb Ev'ry Mountain . . .

CLIMB EV'RY MOUNTAIN,
SEARCH HIGH AND LOW
FOLLOW EV'RY BYWAY,
EV'RY PATH YOU KNOW

CLIMB EV'RY MOUNTAIN,
FORD EV'RY STREAM
FOLLOW EV'RY RAINBOW
TILL YOU FIND YOUR DREAM

A DREAM THAT WILL NEED
ALL THE LOVE YOU CAN GIVE
EV'RY DAY OF YOUR LIFE

"When you part from your friend, you grieve not; for that which you love most in him may be clearer in his absence, as the mountain to the climber is clearer from the plain."

—Gibran

UPON GRADUATING, WE HOPE TO HAVE OVERCOME THE CHALLENGES WHICH FACED US THROUGHOUT OUR HIGH SCHOOL DAYS. WE LOOK BACK AT THE OBSTACLES WHICH SEEMED SO LARGE AND WE REALIZE WE HAVE CONQUERED THEM. AS SENIORS, WE HAVE REACHED THE PEAK OF THE FIRST MOUNTAIN IN OUR LIVES. ATTAINING THIS PEAK HAS BEEN OUR DREAM FOR THE PAST TWELVE YEARS. AND IN REALIZING THIS DREAM, WE ARE READY TO MEET THE CHALLENGE OF THE MOUNTAINS AHEAD.
